Gladstone Park is a truly successful and popular secondary school. We are proud to be the school of choice for many families in the area and are committed to upholding high standards and values that really matter: respect, academic success, student pride and strong discipline. At our college, your child will be challenged to achieve their very best. We will never tolerate anything less than maximum endeavour. We continually look at ways to improve our high academic standards, our firm discipline structures, and of course, our culture of respect. We provide a safe and academically-challenging environment, enriched by a vast and exciting extra-curricular program in which children have the very best opportunity to succeed with their education.
